

Letter from the Scottish Women's Hospital at the Abbaye de Royaumont, Chantilly, France, to the Montrose Girls' Club.

Mrs Dorothy Fraser

Dear Madam

I have very much pleasure in enclosing you a photograph of Loye, the occupant of the Montrose Girls' Club bed. He has been here since December – and has finished his career as a soldier poor fellow as he has lost both legs and has an arm injury as well. He is wonderfully patient and cheery – and his conduct in the field has won him the Medaille Militaire. Everybody likes him – and the Montrose Girls' Club may be proud of him.

Yours Faithfully

Cicity [...].

The photograph was taken especially for you – [here duly] in answering your request.

Thank you,
